

Nashville Tenn.

Sep 22nd 1892.

Hurray! The battle is
fought and the victory
won! Give me your hand
dear friend, while I give
it a squeeze of congratulation
on the wonderful discovery
of a "fifth Satellite to Jupiter."
Grand news for us to
hear, it filled and thrilled
our hearts with gladness.
I know you are an enthusiast
whose heart and soul are
in your work — men
such as you are needed

in this world. —

Long may you live
and I be an honor to
yourself and the world.

We hope some day
in the future near —

you will come & see
us. — We will welcome

you as we would the
"Sun-shine". — Remember

me to Poda. — All send
love to you both.

Yours true friend,
Ella. F. Poole

#909 W. Garrock St. —

Would love to hear from
you. —

Ella.
